SCOOP SNOOPS!!!!

FISH (live!) between 6" and 1' long appeared in several gardens in Harlow, Essex! Housewives who found them threshing about on the grass were unable to discover where they had come from....August, 1968!..... Swarms of 1" high BROWN BEETLES invaded the village of ARMENTAL, SPAIN and drove out some of the inhabitants!! Ye bugs had 6" antennae attached to tiny heads.... biologists were mystified by quote - UNKNOWN- UNquote species!!!! Villagers claimed they came from outer You-Know-Where because UFOs had been seen over a local resevoir.....STONEHENGE??? A POWER STATION???.... Could be according to Mr. John Williams of Abergavenny, Monmouthshire! He thinks all such monuments in BRITAIN may be aligned in a SINGLE GEOMETRICAL PATTERN, AS HE HAS COMPARED THE POSITIONS ON ORDNANCE SURVEY MAPS of more than 3,000 prehistoric stone circles and single standing stones!!!! He says every one is aligned to neighbors up to 20 miles away at an angle of $23\frac{1}{2}$ degrees, or a multiple of that angle.... Over the years he has taken thousands of photographs of standing stones... a surprising number of his photos had appeared to be "spoiled" as if "fogged".....Something in the stone was spoiling the photos... A KIND OF ULTRA-violet light.....MOST, IF NOT ALL, STANDING STONES CONTAIN QUARTZ ...A CRYSTAL SIMILAR TO THAT USED WITH THE CAT'S WHISKER IN EARLY WIRELESS RECEIVERS!...."Since then I've had many more examples of the same phenomenon." HMMMM? Ancient 'lighthouses' for aerial 'wanderers'?????..... FLYING SAUCER DETECTORS are the biggest mail order seller in ARGENTINA-- and such a bargain! TODAY ONLY!!! 3,700 pesos (just over \$11)!!! Let us send one to: Fruit vendor TIAGO MACHADO-- in SAO PAULO, BRAZIL who was reported to have seen "little green men" come out of a flying saucer when it landed at nearby Pirassununga, said today he was MISQUOTED! THEY WERE LITTLE RED MEN, he told newsman! MEANWHILE --- STEVE MICHALAK is still seeing red.... he saw two UFOs at Falcon Lake (Canada) on May 20, 1967....just returned from the MAYO CLINIC in Rochester where tests were made. Ten experts worked as a team and determined his trouble was not caused by radioactivity... BUT by a STRANGE CHEMICAL SUBSTANCE in his blood. Mr. Michalak said that another man from California who also encountered a UFO had been treated for a similar illness..... SCOOP also heard of another who suffered 'claw marks' allegedly made by a 'monster'.... and a policeman who photographed a LIQUID left by the monster was hit by a strange malady the same day!!!!..... DON'T LAUGH NOW BUT: SEND IN THE WITCH DOCTOR!!!! ABU BAKAR BIN HAZMN, a member of the MALAYSIAN PARLIAMENT asked the GOVERNMENT to APPOINT a 'NATIONAL WITCH DOCTOR' to prevent annual floods and other natural disasters.....(Calling Dr. UMGAWA!) Two American scientists have reported that at least two MOUNTAINS deep within Marie Byrd land (Antarctica) periodically spout STEAM into the frigid air..... Another report by a New Zealand expedition suggests that a number of ANTARTIC mountains may be like amny-layered hot fudge sundaes - composed of layers of ice, ash and rock...! ONE NEWLY DISCOVERED VOLCANIC AREA IS NOW A MINIATURE OASIS.... WHERE MOSSES THRIVE in an otherwise frozen world..... (Shades of You-Know-Where!) HOWEVER --- the SOUTH POLE is on a high ice-covered plateau more than 9,000 feet ABOVE SEA LEVEL--- but--- the NORTH POLE is only on a few feet of ice...DRIFTING over some 10,000 feet of..... WATER!..... Recken this is HOMEBASE for the Mexican 'creature' - who supposedly FLOATED 'DOWN'????? Otherwise known as the 35 TON DELIGHT! All 30 ft. long - 18 feet wide - with armor-plated skin...! PLUS: a 10 foot tusk of porous bone estimated to weigh a ton.....! Learned scientists now believe it may be the body of a swa creature from the age of the DINOSAURS.... PRESERVED IN ARTIC ICE..... YE GOD'S AND BIG FISHES...! GODZILLA RISES AGAIN!!! And - dear hearts - is POSITIVELY THE 'END'..... SCOOP OUT FOR ARRIL....! PS... THE ABOVE IS NOT _ REPEAT _ NOT A JOKE!

FACT: EVOLUTION IN A TEST TUBE -- The first developement of a method of observing EVOLUTION under artificial conditions was reported by a leading authority on chemical genetics from the University of Illinois. The achievement not only is of great theoretical value in understanding the underlying chemical mechanism of heredity, but also suggests a new approach to curing viral diseases by rendering the viruses incapable of infecting cells. The Illinois scientist, Dr. Sol Spiegelman, described the development and its implications at the 12th INTERNATIONAL CONGRESS of GENETICS at Tokyo.

It opens the possible "test tube evolution" allowing scientists to observe and control, the molecular events associated with evolutionary change under controlled laboratory conditions. Such studies are extremely difficult to perform in living organisms. "For the first time we can study the evolution and genetics of a molecule outside a cell," said Dr. Spiegelman. SCOPSAYS: ARE YOU SURE it is the FIRST time?

The records of UFO researchers are cluttered with almost impossible to believe cases which concern the taking on board a flying vehicle humans, animals, and various other LIVE 'specimens' of the planet Earth. This includes both male and female, young, old and in-between 'specimens'. Sometimes singly, sometimes by pairs.

As in the celebrated 'physical' case history of Mr. and Mrs. Barney Hill, who were forceably abducted and were subjected to rigorous physical examinations which included the taking of a sample of male sperm from Mr. Hill, and a test for pregnancy for Mrs. Hill. In another case, a gentleman was carried on board an 'alien' craft and presented with an outer space 'playmate' -- who wouldn't take "no" for an answer.

Many possible reasons for the above tactics on the part of our alien 'friends' have been advanced -- to a dying race having to interject some new 'blood' into their own dying culture -- to an inter-Galactic breeding ground for aliens who wished to become more like 'us' in looks so that it would be easier for them to infiltrate our earthly ranks. Even an Outer-Spacian floating 'Playboy' Club has been suggested. BUT-- in ALL the above suggested reasons there is ONE standard reasoning -- namely -- that the ones who are doing all this are EXTRA-TERRESTRIAL. Definitely UNLIKE us 'humans' -- DEFINITELY FROM OUTER- SOMEWHERE... and ... HOW was this conclusion reached?? Simply by the very shocking nature of their actions. For them to do THAT would prove that their physical composition is not as ours - and they HAD to rectify that little matter....

FICTION (?) - SCENE: Inside 'Venusian Scout Craft No. 327'... LOCATION: In the silence between earth and sky... ACTION: A tall and handsome blond haired 'space-man' busily emptying a 'crystal vial' containing sperm into a disposal unit... The 'play' had been performed - the 'captive audience' quite impressed with what they were meant to be impressed by - and he was tired! However, it was a job that had to be done and someone had to do it. He was quite sure that his last audience had been properly brainwashed into believing he was really Way-out! Which was the reason for taking the useless sperm in the first place.....

UFO CONTROVERSY REKINDLED - Boulder, Colo. Further investigations of UFOs, a topic apparently closed by the scientist-author of the Condon Report, might yet be resurrected by a professional society. Even a congressional investigation is a remote possibility... A special committee on UFOs of the AMERICAN INSTITUTE of AERONAUTICS and ASTRONAUTICS expressed its doubts about current studies in the field and said the matter needs a "quantitative, scientific" investigation.

The 32,000 member organization, most prestigious in the aerospace field, set up the committee a year ago under the chairmanship of Dr. Joachim R. Kuettner, an atmospheric physicist... A committee member said it was coincidental that the chairman was located next door to Condon and that there had been no exchange of information during the Condon study... Congressional dissatisfaction with the Condon findings were expressed immediately after disclosure. Rep. W. F. Ryan (D-NY) attacked the report as "delaying an eventual solution to the UFO puzzle" and called for public hearings by the House Science and Astronautics Committee of which he is a member. Rep. Jerry L. Pettis (R-CAL.) said he planned to introduce a resolution calling for a congressional new investigation...

PHYSICIST CALLS ON SCIENTISTS TO CHALLENGE UFO REPORT - Tucson, Arizona - Dr. James E. McDonald, senior physicist at the University of Arizona Institute of Atmospheric Physics, Monday called for scientists to challenge the just-released Condon Report on UFOs. McDonald said in a statement, "This report must be vigorously challenged lest it succeed in cutting off serious scientific attention to a matter of extremely great importance." He continued, "Condon evidently didn't realize that the report he has submitted runs about 15 to 20 percent unexplained cases, whereas the Air Force Project BlueBook has been putting out percentages close to 3 or 4 per cent for years." And... he has given only superficial attention to the hundreds of classic unexplained cases of the past 20 years."

SUPER RADAR STARTS - MARCH, 1969 - A 13 story-high "Super Radar" designed specifically to detect and track objects in space, went into operation at ELGIN AIR FORCE BASE, FLORIDA, headquarters of the Aero-Space Defense Command announced here Tuesday.

The new radar, with a sensing screen larger than a football field, is called "super Radar" not for its size but because it performs the functions of numerous radars simultaneously, the Air Force said. It is the first electronic sensor designed specifically for space tracking work... others used to track objects in space have been modified from other original purposes...

SAUCER HAZARDS ON OUR ROADS NOW! - An editorial of the MELBOURNE HERALD - Australia... As if the hazards of driving were not already worrying enough, a young South Australian motor mechanic now reports having been "dive-bombed" on a country road by an Unidentified Flying Object. He and his companion were "scared stiff". After driving home at 95 MPH, he says, "he called a policeman. The policeman also observed the object -- but, perhaps with a healthy respect for earthlings' law, it did not come close to him." Unnerving as this South Australian episode must have been, it scarcely matches the experience with an Argentinian last summer, a motorist who reported a collision with a flying saucer on a highway outside Buenos Aires. In the best tradition, this saucer carried five small "alien beings" with outsize heads, bald, who wrote "weird inscriptions" on his car. Unfortunately, these have not been deciphered, so motorists will have to go on guessing about correct procedure in all such encounters.

QUILNES, ARGENTINA - JULY 3, 1968 - At 11:30 PM a woman returning home felt an invisible force pressing down on her. She was seized with terror and was unable to shout out. Suddenly she found herself in an enclosed space with two men dressed in metallic-looking clothing that gave off a lot of light as their shoes and helmets did. One was very tall and the other was a bit shorter. They spoke together in an unintelligible language while looking at her. The heat inside the space was so unbearable it seemed like an oven. The shorter man pressed a button and the machine began to move. It was round with small red and green windows and big enough to hold four or five people. After a while, in the same way as she entered it, she descended smoothly from it and found herself opposite a cemetery from where she got a free ride home from a passing taxi.

SALTA, ARGENTINA - JULY 2, 1968 - At 8:15 a boy named Sola saw a bright object above a mountain called "PEAK OF FEBRUARY 20". At the same time the boy saw a strange tall BEING hanging suspended in the air, only a few metres away from him, his body emitting a strange luminosity. This BEING suddenly spun around like a top, his body otherwise remaining quite still. Then he began to rise into the air and finally vanished above the mountain.

SIERRA CHICA, ARGENTINA - July 2, 1968 - At 11:30 AM a 15 year old boy was out riding when he was beckoned by two men to approach them. They had short WHITE hair and semi-transparent legs, and an unblinking gaze. In the conversation which followed they offered to take him for a ride in their machine one day and pointed out their machine standing in the muddy drainage ditch. It was silvery colour and elliptical in shape with three landing legs. The men gave him an envelope and said it was a message for him and to DIP IT in a nearby puddle of water. This he did and found to his astonishment that the envelope and his hands remained completely DRY. He read the message which was in a very crude writing, which said in Spanish - "You are going to know the world. F. Saucer." They then climbed on to the machine, lifted the top and got in. Then the machine took off vertically at great speed with flashes of light, and almost instantaneously it was just a tiny speck in the sky and then it was gone. Subsequent inspection of the landing site showed three holes which had gone into the ground to a depth of 12 centimetres and forming the pattern of a perfect isocles triangle...

THERE'S A UNICORN ON YOUR BEACH !!! - Marine biologists yesterday studied a 35-TON 'sea creature' that washed up on the beach in TECOLUTA, MEXICO, to determine its origin. It drew hundreds of tourists and curiosity seekers who caused a food shortage in this little Gulf Coast town, which normally has a population of several dozen fishermen's families.

The carcass of the creature was described as about 30 feet long and 18 feet wide, with a "serpent-like" body, covered with hard armor, jointed so it could swim. From the head protruded a 10 foot TUSK of porous bone estimated to weigh a TON. It was in a bad state of decomposition.

"We estimate the creature's weight at about 35 tons," said biologist Sergio Garcia in a report to the Mexican Navy's Sea Life-Laboratory at TAMPICO. Officials from Veracruz, who had planned to cart away the creature's remains for study, said that even with heavy tractors and a crane they could not move the carcass. It washed up on the beach last Friday, but it was not until Tuesday that reports of the creature reached officials at Veracruz, some 100 miles to the south.

Some scientists at the scene said it ~~may~~ be the body of a sea creature FROM THE AGE OF DINOSAURS, PRESERVED IN ARTIC ICE. (Italics are MINE - JW!) But by the time biologists and other scientists arrived the carcass had been badly mutilated. Some reports said the impoverished fishermen in the area had lopped off the creature's fins and eaten them. The biologists said first descriptions of the creature made them believe it was a narwhale, a whale which has a apiral horn protruding from its mouth. But after seeing the corpse, they could NOT match it with any sea creature known to man.....

FEB. 5, 1969 -- SARASOTA, FLA. -- Mrs. June Bartholomew, Scoop Director for this area sends in the following report of a greenish object seen by many in Sarasota. Homer Steward said he was walking near his home about 7 PM when he saw a light in the sky which he first thought was a falling star. It fell toward the Gulf of Mexico, he said, growing larger and turning an intense GREEN. Another sighter described the light as oval shaped and appearing "suddenly out of nowhere!"....

MACON, MO. March 6, 1969 - Northeast Missouri has had a flurry of UFOs for 3 nights this week... activity started at Kirksville and at Lancaster and Novelty to the southeast... described in one instance as a "reddish ball of light - about 100 feet in diameter which was so bright that the witness pulled the visor in his truck down to shield his eyes. There also seemed to be a yellow border around the outside that moved clockwise. There was no noise, and it cruised about 30 feet above the road ahead of him at 40 miles an hour... as he got beneath the object there was a beam of white light that focused into a spot about 8 ft. in diameter on the road and everything seen through it was magnified...

AN ALIEN DWARF NEAR CEMETARY ? Coleraine, Quebec — A number of children declared they saw a shape not easy to categorize on a boulder overlooking a cemetery and no less fantastic ... a "flying saucer". The first to see this phenomenon was Denis Bogus, age 7. It was last Thursday (August 29, 1968) when the boys were playing "cowboys". Denis recalled immediately the strange spectacle which he witnessed. The days following, Friday, Saturday and Sunday, between 4 and 6:30 in the afternoon, the same mysterious stranger reappeared to the group of Bogus children. Denis Bogus, his brothers Michel and Andre, their Uncle George Bogus, and Normand Daigle along with Luc Cadorette were positive they did not have hallucinations when they saw the stranger. Their versions were identical.

They repeated to have seen a dwarfish man about 4 feet tall, shaven head, naked chest and wearing a hirsute black beard, hanging on to the boulder overlooking the cemetery. They said the skin of the mysterious stranger was red and horny, like that of a lizard. The "Martian" as he was called, vanished into thin air at the most unexpected moment. The story by the boys added that some roaring or indistinct sound was heard in an excavation situated at the foot of the boulder. Finally, to complete the phenomenon, a kind of "flying saucer" was seen.

The vessel, about 30 feet wide, was colored blue, white and red, and left a long trail of smoke. Each time it was seen, it looked as if it were trying to land behind the boulder. George Bogus did not believe the story at first but after seeing it himself knows the tale is well founded. He saw it on Sunday afternoon, returning on Monday with a camera, he failed to get any photographs in company of about 100 curious persons.

ZOOLOGIST SAYS PREHISTORIC MAN MAY STILL LIVE - BRUSSELS --- Somewhere in North-east Asia or on the opposite side of the Bering Sea -- in Alaska or British Columbia -- a kind of prehistoric man resembling the Neanderthal, may still be living. This possibility is advanced in the latest bulletin of the BELGIAN INSTITUTE OF NATURAL SCIENCE. Its author, Belgian Zoologist Bernard Heuvelmans, believes that in a small American town he might have seen the body, dead on a few years, of such a man. It happened, he says, December 17, 1968, in ROLLINGSTONE, MINN., when a fair-ground exhibitor named Frank D. Hansen, showed him the body of "a six foot human male of virtually normal proportions but covered with a thick coat of hair." The body was preserved in ice. From wounds in his skull and left arm he appeared to have been shot. Heuvelmans quotes an American geologist, Jack Arthur Ulrich, as testifying the mysterious being must have been frozen into the ice artificially only a few years ago. He says Hansen told him he had bought his "exhibit" in Hong Kong in 1967. It was supposed to have been found by fisherman in the Bering Sea... Heuvelmans - who describes himself as a "crypto-zoologist", studying animals whose existence has not been admitted by science for lack of anatomical evidence - discards the possibility of a hoax. He also is convinced that the creature is not a unusual form of known homo sapiens. "I must work on the assumption that this specimen belongs to a hitherto unknown variety of man."

THE SECRET IS OUT ---- BUT THERE'S A CREDIBILITY GAP. by JOHN A. KEEL
(Reprinted from: ALTERNATE HORIZONS NEWSLETTER - Allen Greenfield - Editor -
2875 Sequoyah Dr. N.W. -- Atlanta, Georgia.)

Thousands of people in each new generation throughout human history have been provided with a full explanation for the so-called "UFO mystery". These people have left behind extensive, heavily detailed records of their experiences and other less-involved humans have used these records to provide a basis for a wide variety of religious and occult beliefs. Now, within the past few years, thousands of newcomers all over the world have been exposed to similar experiences and there has been a vast "explosion" of underground literature on these once - forbidden ideas. The "hippie" newspapers of North America are now filled with detailed information although it is rarely linked directly with the UFO mystery itself. Parapsychologists, psychiatrists and occultists are reaching identical conclusions globally and independently, but almost all of this material is isolated from the "ufologival mainstream" and is virtually unknown to the "scientific ufologists."

In the fall of 1967, a "cult" in Denmark received strong telepathic impressions urging them to build a lead-lined underground shelter in preparation for a prophesied atomic holocaust due in Christmas 1967. The "cult" built the shelter and as Christmas approached all the phones in that section of Denmark went dead and stayed dead for two weeks. Meanwhile, other occultists, mediums, and ESP claimants elsewhere began to receive "messages" warning of some great and disastrous event scheduled to occur on Christmas Eve, 1967. That event never took place, of course. The Danish cult ended up with egg all over its face. But parapsychologists have quietly been collecting the pre-Xmas "messages" from all over the world. It is amazing that these "messages" all employ the same phrases and same warnings in every language. The scope of these communications rules out simple explanations of coincidence or organized hoaxing. It is obvious that these "messages" came through on a world-wide level and the correlations prove that they were all "transmitted" by a single source. Apparently, the messages of 1967 served as a "dry run" to test channels of communication and to provide us with corroborative, statistical evidence that these channels exist between man and ultraterrestrial forces.

The "breakthrough" of 1967 led to the organizing of several independent groups around the world, all devoted to collecting and correlating future messages. The deaths of Martin Luther King and Robert Kennedy were accurately predicted in advance by the participants, as was the outcome of the 1968 elections, a number of important earthquakes, and many other events.

We now have evidence that the ultraterrestrial forces are able to foresee earthly events with pinpoint accuracy. It is noteworthy that the predictions allegedly relayed to "silent contactees" by the UFO occupants are identical in phrasing and content to the messages being received by trance mediums and even by Ouija board operators.

The UFO "contactees" receive these messages on a seemingly direct level; i.e. through direct confrontation with "alien" entities. Many specific "code" phrases are used again and again and again in these contacts. Phrases such as "We are one" and "See you in time". The former phrase is also well-known to the occultists.

CONTINUED

"We are one".

The "hippie" newspaper, the East Village Other (EVO), in New York, carried an enigmatic comic strip in its issue of November 22, 1968. UFOs were not mentioned at all, but here is some of the text of that strip: "It is a strange distance we travel on our journey toward each other, eh, Brother?... A distance so vast it is measureless... and thus, it is no distance at all... and us? I like to think of it as one existence whorl operating simultaneously on two separate planes! Except, you know, the planes interpenetrate... As do all things... And, as you know, the opening up of this communion of saints has made joy on both sides... To you, we pour across the essence of life... and many of your race are learning. And back through the warp come your 'problems'... situations that arise from action blind to the light! And, as we are ONE now, so do you!"

The "hippie" movement is of special interest to us for the "hippies" have adopted symbols and mystical ideas from ancient cults and old orders of belief. Hippies under the influence of LSD and other drugs have claimed contactee-like experiences, and they have even adopted some of the mode of dress allegedly used by the Ufonauts in some of their human "contacts". The Nehru jacket-style was described by Sid Padrick (California contactee-1965.) and many others. Even the distinctive turtle-necked sweaters long identified with the notorious M.I.B. have suddenly become fashionable. When Senator Barry Goldwater addressed the student body of a Long Island college in 1967, all the students, both male and female, turned out in black turtlenecks. Oddly, none of the students could track down the source of the "order" that had swept through the college advising everyone to wear turtlenecks to the lecture. A "UN delegation" of Orientals sat in the front row, dressed in colorful Nehru Jackets. Later this "delegation" simply wandered off and disappeared and did not put in an appearance at the reception which followed the lecture.

College hi-jinks? Or interpenetration? We'll never know.

For the past two years Ufologists have quietly been noting the upsurge in mysterious signals being received spasmodically on telephones, radios and TV sets throughout the country. I have frequently been told of strange voices which suddenly came over public address systems in churches. Almost none of these cases have been published. But in November 1968, the AP sent out a story from Portland, Oregon, mentioning the "ham radio station" which has apparently been broadcasting "unwelcome comments" over the amplifier system in the All Saints Roman Catholic Church there.

Whole congregations of churches in California, along the San Andreas fault, have packed up and moved out of California after their ministers and local "prophets" received impressive "psychic" warnings of an impending earthquake.

In summary, it does appear that a massive communication effort is now underway. It is effecting all levels of society all over the world. The UFO manifestations are merely a small part of this much broader situation. The majority of all these "messages" are going unpublished but are being privately circulated. Or they are appearing heavily veiled in "hippie" newspapers and occult journals. Because the UFO buffery has been obsessed with the concept of extraterrestrial visitants and "spaceships", they have overlooked most of what has been happening under their very noses.

CONTINUED

It is difficult for many to accept...or even to consider... the probability that the UFOs are directly related to occult and psychic occurrences. But it does seem probable that the "contactee" phenomenon is merely a variation on spiritualism and trance mediumship. And the material that has now been collected indicates that all paranormal events are the manifestations of a single central force. That "force" is now breaking through to us in every possible way. Although a great deal of nonsense is currently being conveyed, once we recognize fully the existence of this source it may move to a new phase and pass along information of very great importance.

Our preliminary studies of this complex phenomenon suggest that communication is dependent upon specific religious and racial characteristics. Intelligence and social position are not a factor. Thus, a common dirt farmer in Kentucky is apt to have the necessary genetic qualifications for "contact" while government leaders, scientists, etc. may not. Persons of Indian or Gypsy ancestry are more likely to be contacted than any other single group. Catholics also have a high rate of contact... For many years the spiritualists and parapsychologists have recognized that a large part of all the manifestations and messages from "the other side" are merely playful hoaxes. The same kind of "hoaxes" are being employed in the UFO phenomenon. Ufologists should study and compare the psychic hoaxes with the UFO events... The precise source of all this seems to be beyond our senses, and perhaps even beyond our comprehension.

In very ancient times, the existence of an "invisible" or "parallel" world was recognized and frequently alluded to in legend and lore. Before the churches edited and censored the original biblical texts, this "invisible" world was the central theme of those texts. The word "sheol" meant "invisible world" but the Bible translators turned it into "Hell" and gave it a whole new meaning... We have been like ants trying to comprehend an elephant. Perhaps we are too small and too limited to understand the whole. But before we can even try, we must collect together all the parts and examine each section carefully before attempting to fit it into a new whole. It seems highly probable that the entire phenomenon and its source is too complex and too incomprehensible for us to define rationally. Just hard, physical proof will probably never be forthcoming. We must content ourselves with statistical evidence... just as doctors collect statistics on cancer and narrow down the common factors in all cancer cases ... such as excessive smoking...

...Even as we pursue these new lines of research, the communication efforts are certain to increase and spread. Very few of the "receivers" can understand the situation they are involved in. Most try to fit their experiences into an acceptable (to them) religious, psychic or extra-terrestrial framework. The "Coming of the Big Brothers" is merely a variation on the older concept of the "Second Coming of Christ". The theories of the fourth dimension, now growing in popularity among the ufologists, are merely a new effort to define the "invisible world" of the ancients. One thing is becoming abundantly clear: our world is now in the process of being "interpenetrated" by something which is able to operate beyond the range of our limited senses. Something or someone is reaching down to us. The time has come for us to launch an effort to meet "it" or "them" halfway. SIGNED: Jakeel, NYC, NOV. 24, 1968

On the morning of November 19, 1963, a few minutes after 8:00 am, a car driven by Mr. Kinoshita, acting manager of the Kasshika Branch of Fuji Bank, Tokyo, Japan, was proceeding on the Fujishiro by-pass, bound for the golf links in the city of Ryugazaki., Ibaraki-Ken. In the car were two other persons: Mr. Saito, vice-director of the branch, and a customer. Ever since they had passed Kana-machi, Kassihika-ku, on the same road, they had been aware of another car being driven about 150 metres in front of them. It was a black Toyopet New Crown, with a Tokyo number. In the left back seat, an elderly person was reclining on the cushion, reading a newspaper. Then, suddenly, and quite unexpectedly, a puff of something gaseous, like white smoke or water vapor, gushed out from somewhere about the car. After the smoke or vapor had cleared and gone, there was nothing visible in front of them..Not a trace of the car. During an interval of only five seconds... the Toyopet New Crown had vanished. All three exclaimed: "The car has disappeared..! No one, it seems, knows who was driving the car or who the elderly passenger was,!!!"

In the first century A.D., a Greek philosopher, named Apollonius, traveled far and wide in search of occult phenomena. He claimed to have had experiences with goblins, vampires, spirits, and, many other supernatural mysteries. He claimed that he had learned the secret of returning to life...after death. Though his fame spread throughout the world, it was considered odd that nothing was ever recorded about him having died... if he did die at all. Then, in the middle ages, Apollonius became famous once again. No one knew anything about the man's origin and his magical themes were endless legends. But, was he the same Apollonius who lived in the first century?? No one knows... for... the second Apollonius also vanished during his last years, and did not leave any trace!!!!

In September of 1934, a rich Chinese said he found, in his home, at Chumatien (which is in the Province of Homan) a SPIDER with a HUMAN FACEand, small body with an abnormally large head. Its face was a dead-white pallor: black eyebrows; black nose and horribly white lips. The Arachnid - for, of course, spiders are not insects, being of the same species as the scorpion; was sent to the Chinese People's Educational Institute!!!!

Harold T. Wilkins related that in 1937, someone..in the vicinity of Hangkow.. thought he captured a bird with the head of a MONKEY! It measured three feet in height and eight feet in the breadth. It had 'furry black feathers' four toes on each foot and a mouth shaped like the bill of an eagle... "This pet," contemplated Wilkins, suitable for an old battle axe, who had out-lived a dozen husbands, must certainly be "unique" in the annals of Orinthology!"

Someone, drove an automobile seven miles up the black square tunnel of a flood control drain then it disappeared. At sundown, On February 12, 1953, a car was seen to drive into the throat of a storm drain near Willowbrook and Greenleaf Avenue in Los Angeles, Calif. The police trailed the fresh tire marks into the tunnel for three miles. Additional officers and flood control workers continued the search by dropping down into the tunnel through manholes. At about midnight, seven miles up the tube, the tracks had vanished completely!!!!

In July of 1967, a 16th Century "Flying Saucer" or UFO was reported in a manuscript in LA SPEZIA'S public library... "strange disk, changing from yellow to red, and with red fireballs shining from beneath it!!!!

My association with the "fear" group - by chance and very brief. The entire period was one of unrest, uneasiness, and even severe apprehension at being left alone in the house. Only in the light of day did I feel safe. My mail was tampered with and strange people began popping up. Although there was no definite contact I had the sense of an ominous force present. All this sounds like the beginnings of mental sickness and I can only say that I fought it with all the spiritual strength within me and emerged with renewed spiritual fervor and was the stronger for it.

...Coming to these summations we are reminded of the legends and prophecies contained in the Bible concerning the end of time when once more Satan will be loose from the bowels of the earth, there is a separation or split between the sheep and the goats, the ultimate battle of good and evil.

One group offers us threats of destruction unless we do as THEY say. The other offers destruction of evil and a golden era of peace through doing God's will. The time is near when we will be compelled by circumstances to choose...

SCOOPNOTE: To continue on our exploration of the 'mental Message' and it's contents and to try to verify or decry such messages we now bring to you a recent message received by WHITE STAR - P.O.Box 307 - Joshua Tree, Calif. - If it be TRUTH - it can bear the light of the press.... And if it be true - possibly it could save some lives.

ALTRAN - "I greet your direct. I wish to deliver in as personal a way as possible ...I am, at present, as a UNIT OF FORCE with specific assistance, operating, what would appear from an earthly position of observation, within the area of SOUTHERN CALIFORNIA. However, our CRAFT can be observed from as far North as SEATTLE, to their extreme South, as we travel now with the UNIT, back and forth over your ENERGY FAULT: traveling sufficiently high to be observed from many angles of direction.... I am ALTRAN.

We have trained a large crew of workers, and we have....in the Northern Hemisphere...a full staff...that there is -- along the ALEUTIAN SHELF -- SLIPPAGES DAILY... and that these tremors are being diligently recorded by your planetary SCIENTIFIC OUTPOSTS. these REPORTS are not released to the general public. However, if they go beyond a certain intensity they are reported to the PRESS: to the various news media, to be released to the general public. From what we analyze by our system, which we have put to good use for a number of years, is: That with the present activity it will not require too much slipping... breaking away along the SHELF area, which will cause, (if it takes place as it is analyzed by present activity) which will cause great disturbance in your Northern area... particularly in ALASKA... If there is a slippage that is not over eight on your scale, then this will be felt mainly in ALASKA. However, if the slippage is deeper under the ocean floor and the intensity at that position goes beyond eight on your scale, then the greatest shock will move to the SOUTH.. into your WASHINGTON - OREGON areas.... That with the present activity it will not require too much more TIME in the way of Earth days... possibly Earth weeks... for there to be a MAJOR slipping.....

EMERGING PATTERNS BY C.T. ADLER

(Reprinted from SEARCHLIGHT - T.G. Beckley - Editor -
3 Courtland St., New Brunswick, New Jersey)

Those who follow any of the current saucer magazines and related publications have sensed that there now appears to be a new trend in UFOlogical matters. At least there seems to be a division in the unknown forces behind these craft. The contacts that are being made and reported by reputable people are beginning to fall into two categories - peace and fear.

THE FEAR GROUP - We have all heard of the "men in black" that have been popping up in many places. They perform feats of ESP and have the ability to control minds to some extent. They threaten and spy on some of our researchers and reporters. They ride in dark cars, dress in black clothes. Sometimes they show symbols on their cars and clothing, usually something with a red lightening bolt. Also, among this group seem to be the curiosity seekers, the ones who like to "scoop" up humans for all sorts of weird tests -- mental, physical, and even sexual. They seem benovelent enough, but then, who enjoys being a guinea pig?

Next, we have in this group the "big brothers" who seem to be gaining so much popularity. The Men In Black are much more obvious than these subtle fellows. These are the ones who offer peace and healing to the sick if only we let them land and take over a farm, town, city or what-have-you. They tell us through their chief contacts that if we don't stop killing one another that they will destroy most of our civilization for us. They tell us they are from other planets and also inside the earth. They have come here to straighten us out if only we will listen to their representatives. They can control weather and natural disturbances and if we don't submit they will use all this power to teach us a lesson. Indeed, they have admitted killing a number of persons when it serves their purpose.

THE PEACE GROUP - Next we have a different pattern in contacts. They are not material as we know it but have the power to take denser forms when necessary. They usually are very beautiful and radiate a light. They are not hampered by walls and doors as the "dark" people are. They have never claimed to be connected with the inside of the earth since the bowels of the earth has always been associated with "Hell", devils and fear. They, too, call themselves our "big Brothers", but have never threatened any force or violence if we reject them. They too have warned that to do so is to perish, though. They seem to be the true 'flower children' of the universe, for all they preach is the love principle. Not physical love for that, we are told, belongs to this plane only, but the love of God and neighbor. They claim to work through any who will listen and lay aside self-will.

... Having some degree of psychic ability I have tested both groups and to my own personal knowledge have confirmed the existence of both group and the vast difference in the vibrations that a sensitive person can perceive. My first contact was mental and with one who calmly claims to be Venusian. My very first instruction from him after learning his name and personal symbol was simply to "Believe more strongly in God." (I had been having doubts at the time.) The mental messages are accompanied by an almost overwhelming sense of peace and serenity. I was guided into stronger psychic development and a greater sense of personal peace and accomplishment by learning where my place is and how I can help in the Fathers Plan.

THE LIGHT BEAM COMMUNICATOR

A SPECIAL REPORT FROM OMEGA'S RESEARCH SECTION

EDITED BY: GEORGE MENON

For less than \$10 you can buy the necessary materials to build this LIGHT BEAM COMMUNICATOR! (LBC) QUITE SIMPLY STATED, it is possible to connect a Public Address Amplifier Module (brand name on request), costing \$2.98 to a photovoltaic light sensitive photocell and then to a loud speaker.

The principle is quite simple: The light cell, being light sensitive, will create a voltage which, in turn, will generate a HUM (60 cycles, or Hertz as now called) when an electric light bulb is exposed to the light cell.

Now - the present research which OMEGA and the SOLAR LIGHT CENTER are conducting on an informal basis (that is, members of OMEGA RESEARCH ORGANIZATION and the SOLAR LIGHT CENTER are, on their own, conducting research into the applications of the LBC. IT PROMISES TO SHOW CONSTRUCTIVE RESULTS in one, two, or both of the following areas:

1) Alleged, but as yet wholly unsubstantiated by OMEGA Research (Solar Light Center members, of unknown numbers, variously claim extra-terrestrial communications with entities, as yet unknown to be hostile, friendly, or what... into other areas of, let us say, ESP communication via the LBC. Research into this line continues.....

2) Further, it is proposed that by having one of the LBC's in the car, it would be possible to expose the LIGHT SENSITIVE CELL to the LIGHT given off by a UFO, thus determining whether the UFO is emitting a light that is AC or DC in nature. IF it were AC, obviously an AC generator would be on board. SHOW ME MARSH GAS THAT HAS AN AC GENERATOR -- AND I'LL SHOW YOU THE WORLD'S GREATEST LIAR. Conversely, IF NO HUM, etc, is detected, obviously, either the UFO is BATTERY powered, or alternately the light cell may not be sensitive enough to pick up the ultra violet, infrared, or possibly the UFO light is just too far away or not bright enough..... Those who wish to build the LBC to test the effects for themselves are urged to contact: SOLAR LIGHT CENTER - Rt. 2 - Box 572-J - Central Point, Oregon.....

At this time I would like to thank all those who wrote to me concerning their interest in ORO (OMEGA). The response has been more than anticipated, although quite happily so! Please, if your card is late in arriving, the delay has been caused by the avalanche of mail. We now have the nucleus of a strong investigative arm of SAUCER SCOOP. A full and up to date report will be issued to all members on recent MIB investigations by the 1st. of June... SIGNED: GEORGE MENON.....

CURIOUSER and CURIOUSER BUBBLES !!!!!

... Eleven years ago, in the summer of 1952, I was taking a quiet stroll round after tea, which, as I am a miner, is about five o'clock, and my wandering took me to a neighbouring village where I called at a public house and had two pints of beer. On leaving I continued down the lane to my own home village. The lane was deserted as I strolled along, but I could hear the traffic on the nearby main road.

It was barely nine o'clock and being in no particular hurry I lay reclining on one elbow on a grass verge by the roadside and smoked a cigarette. Eventually I sat up, preparing to resume my stroll, and it was in this position that I first became aware of this most unusual event. A short way off and coming in my direction I saw, floating in the air, something that I first took to be a soap bubble, about the size of a golf ball. I looked around to see if any children had come along as I had been lying down, but seeing no one about I turned to where I had seen the object, and to my curiosity, though seemingly in motion, it hovered just beyond me, then it carried on. And carried on is the right word! For there was a gentle breeze blowing, but the BUBBLE was NOT travelling with it, it was going in the OPPOSITE DIRECTION!

I thought that some peck or something had settled in my eye and the movements of my eye had made me see this bubble, but that it was not so became apparent when I stood up, for this explanation would not fit what I now saw. A NUMBER of BUBBLES were now round me, circling, going up and down and hovering over me. Then came the amazing part, for, supposing that they were satisfied that I was of no further interest, the BUBBLES drew together and somehow seemed to be drawn into each other, until the resulting bubble had become something I can only describe as a GOLD FISH BOWL, dirty inside the glass. Then it went away, but so quickly that it was there, and then it wasn't!

Imagination? In my own mind I cannot accept this, in fact, I turned back after starting off, to see if I could find a possible explanation. I have not yet done so, nor have I had a similar experience. Unfortunately I was alone when this incident took place, and I have regretted this ever since, for I have no one who could confirm that it was not imagination on my part.... Since that time I have considered these things to myself, by accepting what I saw to be a good fact. The BUBBLES withdrew into each other, so could they not, by withdrawing in a like manner but on a larger scale, assure what people have taken to be Flying Saucers...

...We know that there are various kinds of life in the smallest drop of water, and we are interested in these kinds of life, but it has never been said that any ONE particular species of life in that drop of water is the ruling class, now have we tried to get into communication with these forms of life. On similar lines - why should we ignore the probable fact that we may be as interesting to other forms of life as that drop of water is to us?

... We are unable to accept the fact that to them we are a kind of creature amongst creatures, and therefore only of passing interest. If I were writing science fiction I could state that they were trying to communicate with me by taking control of my brain, but this was not so. I merely say that I KNOW I was given a brief examination... and just as casually dismissed as being something of NO IMPORTANCE... J. P. PAINTER - from an ENGLISH journal - 1963 -

AND --- STONES WILL SPEAK OF GLORY --- BY DICKHOFF PH.D
THE SUNGMA-TENZING LAMA
BUDDHIST UFO RESEARCH CENTER
600 W. 157 St. New York, N.Y.

STONES — Our world is composed of them. They consist of compressed, solidified atomic matter of great density, atoms having intelligence, in astronomical figures, all squeezed together. Before philosophizing about stones, may I tell you about the Sept. '68 article in SAUCER SCOOP by Ronald Calais? This concerned Soviet archeologists locating an ancient hoard of 716 "grooved" STONE disks (with hole in center), near the Russo-China-Tibet border! These Red scientists, being unable to fathom the wherefrom of these "gramophone" records, gave out the thesis that these mystery disks were brought, deposited, by early visiting space cosmonauts (not of the Sputnik variety)... Sungma Lama has "NEWS" for the erratic, worried muskovites.

The possibility exists that the STONE DISKS brought to the above named location have their origin in visits by pre-Buddhist monks from Tibet to an edenic garden spot in the Carolines named YAK, where the aborigines to this day refuse to trade in coin and paper money, but barter in STONE DISKS (with hole inside!) The big ones buy a house, the lesser one's a wife or a cow and the gramophone-sized ones will purchase food, books and pay taxes! Culture, and peace bringers like the Germans, Japanese and now the British, who brought along their missionaries, bartered away their bibles in swap for the "Groovy" gramophone-sized STONE "records". Since bibles consist of rice paper, the natives rolled their cigarettes in them and made 'holy smokes' out of the bibles. The missionaries sold the STONES to Numismatic Societies. The above, early-type missionaries hoarded the loot where the Russians found them...

STONES are as old as Earth — in fact they tell the age of the Planet. After solidifying, having been fiery, molten masses hurled away from the womb of the Sun, ... The various interior, exterior layers of STONE making up the construction of our planet, will some fine afternoon in the future become 'Space Junk', space dust "swamp gas" — STONE meteorites collecting on neighboring worlds of another solar system, when our celestial solar whale has released its gravity grip on all her satellites — and away we go! Unless Man's immortality is assured, unless he now will rise from a doomed earth in his own space crafts and be accepted elsewhere, in a hostile cosmos, by aliens, on a younger and fertile world. ... "U" marks over hills, valleys, in a straight line, pointing to rendezvous with space-shuttle crafts, where the marks end..! BIG STONE — having undiscipherable inscriptions, fell into the YAQURI VALLEY, MEXICO — 1910 — a SYMBOL CODE engraved on stone for (vanished since then) HUMANOID space Probes, who came as emissaries from worlds that we as yet know nothing about, to be ready at a certain location for 'lift-up'! Scientists then interred into morgues of their own making — such reports NOT agreeable to their inflexible, fixed standards of veracity — and so the mystery remains!.... Like the one concerning Talmudic Ezekiel, who saw a hovering wheel contraption coming from above, releasing four WINGED mutants upon the earth's surface, to test our atmosphere!

"Good evening to the people of the earth planet. I am known as Korton, Representative for the planet you people call Jupiter, which we call Etonya ----- The Beautiful (closest earth equivalence - ed.) This evening we have the following information, based upon the observations of your planet over the last 3 month period. This information has been analyzed, correlated, and has the permission of the Solar Presidium, Solar Tribunal, Solar Council, Solar Government located on the planet you of the earth call Saturn.

1. DANGER IN COASTAL AREAS !

First - we will issue the following statement. For those of you of the earth planet who are presently dwelling in COASTAL AREAS, we would ADVISE that YOU ENTIRELY REMOVE FROM THOSE AREAS. WE REPEAT - for those of you residing in COASTAL AREAS, we request, that you ENTIRELY REMOVE FROM THOSE AREAS. There are to be CHANGES in the following COASTAL AREAS OF YOUR PLANET:

110 degrees TO 115 degrees LONGITUDE - 10 degrees NORTH LATITUDE: (Between the Clarion and Clipperton Fracture Zone in the Equatorial Counter-currents-ed.)

5 degrees South Latitude, to 10 degrees South Latitude, 9 min. Northeast (this will be some distance East of the Marquesa Islands, and Northeast of the island called Rapa Nui or Easter Island by some 15 degrees-ed.) and will be 125 degrees West Longitude to 108 degrees West Longitude.

75 degrees West Longitude to 70 degrees West Longitude; 30 degrees North Latitude to 40 degrees North Latitude (this is located some 5 degrees south of Cape Hatteras, some 6 degrees east of JACKSONVILLE, FLORIDA; from PHILADELPHIA, PA., some 5 degrees east of the east coast of NEW JERSEY, by some 5 degrees north of Cape HATTERAS, NORTH CAROLINA-ed.)

3 degrees West Longitude to 1 degree West Longitude, 15 degrees North Latitude to 25 degrees North Latitude (this is located from the Debo Swamp of the former FRENCH SUDAN, north through the town of TIMBUKTU, north to the TARHMANANT WELL of the EL DJOUF DESERT or SALT DESERT of the SAHARA DESERT, then 2 degrees east.)

5 degrees East Longitude to 10 degrees East Longitude, 5 degrees North Latitude to 80 degrees North Latitude (this is located beginning in the nation of NIGERIA, then directly north through AFRICA, taking in the Mediterranean coasts of ALGERIA, TUNISIA, SARDINIA, CORSICA, FRANCE, ITALY, NORTHERN NETHERLANDS, NORTHERN GERMANY, WESTERN and NORTHERN DENMARK, SOUTHERN and WESTERN NORWAY, WEST COAST OF SPITZBERGEN-ed.)

THESE WILL BE COASTAL AREAS WHICH SHALL UNDERGO CHANGES WHICH SHALL BEGIN WITH THE DATE OF THE -- 25th. of YOUR MONTH CALLED MARCH, YOUR YEAR 1969. THIS WILL PREVAIL THROUGH THE 14th. of YOUR MONTH CALLED APRIL, YOUR YEAR 1969.

WE REPEAT AGAIN -- THIS IS A WARNING!

THIS IS A WARNING!

CONTINUED

We had told you -- that we WOULD give SUCH A WARNING when the time was necessary. WE NOW FEEL THAT THIS TIME HAS ARRIVED ON YOUR PLANET! We tell you to BEGIN PREPARATIONS NOW -- DO NOT WAIT! Repeat - BEGIN PREPARATIONS NOW - DO NOT WAIT!

For those of you who cannot remove from the areas given - then we say to you-- STRENGTHEN THAT WHICH YOU HAVE -- FOR YOU WILL BE CALLED UPON TO BE OF ASSISTANCE.

Now to other matters on your planet. You will see, VERY SOON, MANY OF OUR SHIPS IN FORMATION --- FLYING OVER YOUR PLANET. This IS FOR A VERY GOOD PURPOSE AND REASON, AS THERE WILL BE MANY WHO WILL NEED 'CERTAIN EMERGENCY AID AND COMFORT', and SHOULD IT BECOME NECESSARY, we shall do that which we can to be of AID to those whom we ARE AWARE OF BY THEIR BRAIN-WAVE RECORDING - and by those works WHICH THEY HAVE PREFORMED CHEERFULLY WITHOUT THE USUAL REWARDS OF YOUR EARTH PLANET. We will NOT CHOOSE THOSE WHO SHALL SO STATE, THAT THEY ARE OF IMPORTANCE TO OUR PEOPLE -- BY REASON OF SOME TYPE OF EXPERIENCE WHICH, AT TIMES, IS NOT FACTUAL! We state, that there ARE THOSE WHOM THE POEPL E OF YOUR PLANET, DO NOT, NOR ARE EVEN AWARE, THAT HAVE HAD FACTUAL EXPERIENCES WITH OUR PEOPLE, IN CONTACT WITH OUR PEOPLE - CONTINUALLY!

FROM SPACE-TAPE DATED NOVEMBER 1, 1968 -- NEWS MEDIA -COMMUNICATIONS MEDIA TO BE USED..... However, also be aware of your MEWS MEDIA AND COMMUNICATIONS in and on your earth planet. We tell you also, that the way in which many WILL BE INFORMED IN THE EVENT OF A SERIOUS NATURAL CATAclysm WOULD BE THROUGH THE COMMUNICATIONS MEDIA, which many have in their HOMES at the present time. This would also BE HEARD BY THE AIRCRAFT WHICH FLY YOUR AIR CORRIDORS, and would BE HEARD BY THOSE WHO USE CERTAIN COMMUNICATION MEDIA WHICH TRAVELS ACROSS YOUR PLANET BY FREQUENCY AND BY PULSATION, which you term 'HAM OR CITIZEN'S BAND'.

This is already on the increase, as we must test beforehand to find how this process will work if needed in an emergency. We also will tell you, if this EMERGENCY TAKES PLACE -- WHAT AREAS ARE SAFE TO MOVE INTO OR WHERE YOU MAY BE NEEDED OR WHERE OUR SHIPS ARE LOCATED. This is meant for EVERYONE who will be AWARE of our presense in your skies, or who, at least, thinks about this presence without sometimes speaking to others regarding it. Many of those friends who do not speak to others regarding some 'experience' which have taken place, do so only out of respect to themselves, or as had been requested, due to the 'reception' received by 'certain elements' of your governmental system on your planet...

... There are MOST SERIOUS CHANGES in frequency-rate and the SOUNDS that are heard from these areas, as there is a continuing movement, VERY DEEP, at least some 6 to 8 MILES down in the mantle of your planet... and as this increases it will also change the existing structure above these regions, and they will continue to give way under pressure and frequency changes and gradually this will erupt as a serious break or fissure,,.....

SCOOPNOTE: Our policy has always been to present controversial aspects to the entire UFO situation. In this light we present the above information. However, SCOOP wishes to say that we have checked out previous data from the above group- and they have been absolutely CORRECT in many of their 'predictions'. Be that as it may - they are quite sincere and dedicated in their work, and we feel that they do deserve the reader's attention and space in these pages.....

Dear Joan:

It is remarkable what scientific facts now have been ----- brought to light in the past three years, regarding the now, supported discoveries, that all of the elements needed to support life, as we know it, exists in space. Plus the scientific findings made in part by many renowned Archaeologists as to the existances of forms of human life, and beings, that do not come from the generations of past human living beings. The discoveries made in South America, from 1956 until this date, of ancient art work depicting men in flying machines - unknown of in the ancient periods of this earth's history. Or in the Aztecs-Incas or Mayas period.

With the latest discovery made with the University Of Californias 85 ft radio

★ We know there are vibrations which cannot be detected by the human ear because they are higher in frequency than our hearing range. Of even higher frequency are radio and infrared waves and then visible light, which our eyes do receive. Going even higher, we come to ultraviolet, X rays, gamma rays, and cosmic rays. Such radiation consists of particles which bombard the earth from outer space, filtering into the atmosphere at the north and south polar regions. But what lies even higher in the invisible radiation spectrum? Could there be strange combinations of radiation and energy mixed together? Could such ultracomic particles comprise unseen objects or other forms of life which can pass amongst us unseen? Might this explain so-called ghosts or even the soul? What about teleportation or UFOs? During the 1965 cosmic activity peak there was a sudden increase in UFO sightings, including the famed Michigan marsh gas and Exeter (N.H.) light displays. There was also a dramatic UFO sighting by the Chilean Navy at the South Pole, an entry point of cosmic rays. What do you think of this theory?

Karl M. Allanday

Telescope, that space dust first discovered in 1930 by, Dr. Trumpler in and about the milky ways of the spectral universal bodies. This dust has now been identified, ----- to contain, Ammonia Molecules, a nitrogen atom-joined to three atoms of hydrogen. The further discovery of Hydroxyl (oh) Molecules, plus that of the other --- molecules, now give all scientists, of all sciences, the needed, and now scientifically supported - evidences needed to know, without any doubt, in any one's mind, that all of the biological and organic needs, are in space, to form and make possible life in many, modes, manners and forms, each having the ability on formation to give and to have a high form of intelligence. I feel our scientific findings in the past 50 years and far less, have now given a wonderful basis of discoveries to support, for the first time, factual evidences, that life on the millions of outer planets is possible, and no doubt does exist. Even greater discoveries are to be forthcoming, advise your readers, to keep actively interested. A. Roy Davis. H. DS.

The Above conforms to the thinking,
and theories advanced by our dear friend.

John Keel.
